REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Boards of Tilton Town and Tilton Union School Districts:

I herewith submit to you and through you to the citizens of the districts my fourth annual report as superintendent of schools.

The work of our schools this year has necessarily suffered because of the epidemic of influenza and the unprecedented amount of sickness during the winter which has materially effected our attendance especially in the lower grades. Our schools were closed four weeks during the height of the epidemic. This lost time we hope to make up by shortening the vacations and by keeping one week later in June.

Dr. J. B. Erskine, school medical inspector, made an examination of the school children in the fall. Dr. Erskine reported the general conditions found as remarkably good. To supplement the work of the school physician, Miss Mary E. Davis, the district nurse, has been appointed school nurse for both districts. Miss Davis assisted in the examination of the children. While the conditions have been such that she has had many demands on her time she has found opportunity to give us valuable service. I am confident that this arrangement will prove very beneficial. The school is bound to concern itself more and more with the physical welfare of the children and no one can be of more service in this important work than the school nurse.

The contract with Tilton Seminary was renewed this year by both districts and our pupils continue to have offered them full secondary school privileges free of expense to the parent. It is unfortunate that this opportunity is not better appreciated by parents and children. As I have said before a large per cent. of those who complete the work of our eighth grades ought to pass to the Seminary as the natural thing and there continue their school life. Too many fail to do this. Particularly is this true of those who graduate from the Union School. Furthermore too many of those who enter drop out for one reason or another. At the present time there are forty-two children from the Union district and thirteen from the Town district attending the Seminary.

TOWN DISTRICT.

The following changes among our teachers should be recorded. Miss Charlotte Curtis who had been so successful in her work at the Highlands school resigned in the summer to accept a position in Massachusetts. This was a distinct loss to us as Miss Curtis was peculiarly adapted to the work of this school. Some difficulty was met in filling this vacancy but finally Miss Genevra Houston was secured for this position. Miss Houston has shown a fine spirit in her work. Miss Arline Caverly gave up her work at the Number Four school in June. Miss Ethel Sanborn was chosen to fill this position. Miss Sanborn has met a rather trying situation with success. Miss Laura Wyatt resigned in November to take up Y. W. C. A. work overseas. We were extremely fortunate in being able to secure Mrs. Arthur Wyatt for the remainder of the year.

The following is the list of the teachers and the salaries paid at the present time:

School	Teacher	Salary per week
Lochmere	Miss Mina E. Pike	$16.00
Sanborn Road	Mrs. Arthur Wyatt	14.00
Number Four	Miss Ethel Sanborn	14.00
Highlands	Miss Genevra Houston	12.00

Miss Mabel Bailey continues as supervisor of music, giving one day every other week.

The average membership for all schools for the year ending in June was eighty-five and the average attendance was seventy-six. Our enrollment at the present time is eighty-four. The number at Number Four school continues greater than can be satisfactorily accommodated here. To relieve this over-crowded room the seventh grade class has been sent to the Union school this year.

The following pupils completed the work of the eighth grade in June and were granted certificates of graduation:

Highlands—Sylvia Bailey, Charles H. Banfill

Sanborn Road—Nellie Brown, Candace Page.

Three of these pupils entered Tilton Seminary in the fall.

Our present fiscal year ends August 31 next. Our total resources available for this year amount to $4,679.20. Up to February 15 we had spent $2,413.01. We have a sufficient balance on hand to carry us through the year unless some unexpected emergency arises.

The repairs this year have been confined to necessary work on the furnaces both at Lochmere and Number Four, and to retinting the school room at Lochmere. The other school rooms should have similar attention this summer.

UNION DISTRICT

The present enrollment in the schools is 340. There are 174 pupils from Northfield and 166 from Tilton. This shows no appreciable increase over last year. For the year

ending in June the average membership was 324 and the average attendance was 305.

A class of thirty-six were granted certificates of graduation at the closing exercises on June 12. The exercises were held on the school lawn and were in the nature of a patriotic pageant.

But two changes have taken place in our teachers since last year. Miss Olive Duguid, who for several years successfully taught the first grade, resigned in June. Miss Florence E. Kilburn, a graduate North Adams (Mass.) Normal school was secured for the first grade. Mr. J. Allen Whipple, who had been principal for four years, resigned at the close of the spring term. Mrs. Katharine L. Sheehan, a teacher of training and experience, was chosen to fill this vacancy. Mrs. Sheehan has domonstrated her ability to fill this position successfully.

There has been an inevitable increase in the salaries paid our teachers. The minimum salary now paid teachers from grade one to seven is fourteen dollars per week, and the maximum salary eighteen dollars per week. Inasmuch as the school year is but thirty-six weeks in length this maximum pay is equivalent to only about $12.50 for a full year of fifty-two weeks. Obviously this is small pay we are offering to those of whom we expect so much in general intelligence, training and character.

Miss Josephine Emery has continued her work as supervisor of drawing. She is now giving us one day each week instead of one day every other week as heretofore. In addition Miss Emery is giving a half day each week to the upper grade boys in wood work, and a half day to the girls in sewing. As there must necessarily be several divisions, one day of a special teacher's time is not enough. We ought

at least to have two full days. Furthermore we need better facilities for this work. The providing of additional room for the manual training and household arts work which is now recognized as of large importance, is one of our problems of the near future. In spite of our handicaps the work this year has been a success.

The appropriations made at the last district meeting were expected to met our expenses for the present fiscal year which does not end until August 31. Our necessary expenditures have been larger than was anticipated. However, we may be able to get through the year with our present balance of about $4,700. Your attenton is called to the estimated needs for another year. To meet these a somewhat larger appropriation must be made. $400 is asked for to meet the expenses of the evening school.

The fact has been forcibly brought to the attention of the American people that there is a large body of non-English speaking people in our country who know little or nothing of American institutions and ideals. "There is no one thing, so supremely essential to a Government such as ours, where decisions of such importance must be made by public opinion, as that every man and woman and child shall know one tongue, that each may speak to every other and that all may be informed." Our Federal Government has recognized the seriousness of this problem and has taken the initiative through the United States Bureau of Education in the work of finding a solution. Local state committees on Americanization have been appointed. The New Hampshire committee under the chairmanship of Gen. Frank Streeter is working jointly with the State Department of Public Instruction in the development of evening schools in the cities and larger towns. Our evening school

in Tilton was opened at the Union school building early in November. We have had a total enrollment of twenty. Twelve of these have been Albanians. This class of Albanians taught by Mrs. Sheehan has made excellent progress. The men have attended regularly, worked hard, and manifested an interest and appreciation very much to their credit.

In November Gov.-elect Bartlett appointed a committee to make a study of the educational system of the state. The legislature now has under consideration a bill which embodies the recommendations of this committee. The bill discloses a keen appreciation of present day needs and possibilities.

I wish to express to the school board and the teachers my appreciation of their co-operation during the year.

Respectfully submitted,

CHANNING T. SANBORN.
